

ATTACHMENT #1

2. Mediator - Eastern District of Washington Adversary Proceeding where the issue was dischargeability. Participated as counsel for clients in personal injury cases in two to three mediations per year for the past ten years. All clients were plaintiffs in personal injury matters.
3. Extensive experience in both mediation and litigation in personal injury, commercial and bankruptcy. I've been involved in several multi-party mediations and have been able to observe various mediators, their styles and how they approach mediation. I have practiced in the bankruptcy courts extensively since the early 1980's and bankruptcy continues to be a major area of my practice.
6. Collection of Judgements Seminar for the Washington State Bar, at which my topic was "Enforcement of Domestic Relations Decrees in Bankruptcy Court". I'll again be speaking on that issue in March, 2000. Together with Ian Ledlin, I've been co-chairman of the Sun Mountain Seminar and Retreat for the past three years. Also with Ian, I have scheduled, arranged and been the chairman of several seminars addressing areas of bankruptcy and have also spoken at several of these seminars on various bankruptcy topics. Locally, if a service club or organization wants a speaker on bankruptcy, I am generally the person in the Tri-cities who is invited to speak on the topic of bankruptcy. I speak probably two to three times per year to various service clubs, organizations, etc., concerning bankruptcy.
